

‘PROJECT GOOD MORNING’

Moultonborough Police Department
Moultonborough, N.H.

What is PROJECT GOOD MORNING?

Project Good Morning (PGM) is a program designed to assist community residents, who do not have regular/daily contact with relatives, friends or neighbors. The program allows for residents to make daily contact with the police department to ensure that they are ok, and further allowing for their independence and ability to stay in their homes, subsequently adding a check and balance system for family members, friends and relatives. This program allows family, friends or neighbors the security knowing that the individual is having regular daily contact, and if not they will be checked on and notified if a missed communication should occur.

HOW PROJECT GOOD MORNING WORKS

- a. Project Good Morning (PGM) participants complete an application for admittance to the program. This application is an agreement by both parties involved to abide by the rules of the program. The application also gathers specific information that will be needed in an emergency situation.
- b. Program Good Morning participants call into the department between 9:00 A.M., and 10:00 A.M., five days a week, Monday-Friday, on a specific telephone line (476-2400). If PGM participants are going to be away from home, in the hospital, leaving very early in the day, etc., they may simply notify the department in advance with the dates away, and call into the department upon their return.
- c. At 10:00 A.M., dispatchers will verify that all program participants have called in. Dispatchers will then attempt to call participants by telephone to assure their well being. If dispatcher cannot reach the participants by telephone, a police cruiser will be dispatched to the participant's residence. The police officer will make every attempt to verify the participants well being.

PROJECT GOOD MORNING - RULES
